Sir:

Applicants submit several references as listed on the accompanying Form 1449 for the consideration of the Examiner.

With respect to Form 1449, item 5, the publication is a reproduction of the cover page and page 12 of the February 14, 1992 publication issue of "Coin Slot International" magazine. Coin Slot International is a U.K. publication on games, including games with limited cash payouts for the U.K. Amusement With Prize ("AWP") market.

The game depicted in this publication is believed to be manufactured in the U.K. by Project Coin Machines Ltd. In the publication, the game on the Project Coin machine is referred to as the "Fortune Wheel" game. It is believed that the Fortune Wheel game was designed for the U.K. AWP market. Such games would typically not be allowed for sale or use in most U.S. jurisdictions due to gambling regulations.

Applicants have inspected a Fortune Wheel game. The game that was inspected has a manufacturing date of April 3, 1992, and is believed to be made in the U.K. From this inspection, it is determined that the wheel of the Fortune Wheel game was motor-driven, and tht a disk with a signle slot was coupled to the wheel for rotation with the wheel. The single slot disk is believed to be designed to provide a single index mark one per revolution of the wheel.

This Information Disclosue Statement is not to be construed as a representation that (i) a search has been made; (ii) additional information material to the examination of this application does not exist; (iii) the information, protocols, results and the like reported by third parties are accurate or enabling; or (iv) the cited information is, or is considered to be, material to patentability. In addition, applicant does not admit that any enclosed item of information constitutes prior art to the subject invention and specifically reserves the right to demonstrate that any such reference is not prior art.

The references listed on the enclosed PTO-1449 (modified) may be material to the examination of this application; the Examiner is requested to make them of record in the application.

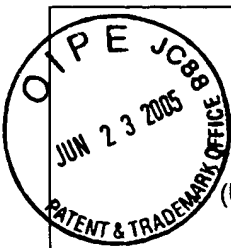

Respectfully submitted,
